How to: Connect to Wi-Fi on Android

Students can connect to the "myBVC" wireless network.

- 1. On your device, open up your Wi-Fi settings to get a list of all available networks
- 2. Select the **myBVC** Wi-Fi network. In the next window, fill out:

9:39 र्न्	🐲 💱 "⊪ 47% 🍙		
< МуВvс			
EAP method PEAP			
3 578@mybvc.ca		3. Identity: type in your myBVC email address.	
4 Password	Ø	4. Passwo (the same D2L and n	rd: type in your MyBVC password password you use to access your nyBVC email).
CA certificat5 Don't validate No certificate specified	A certificat Select certificate Use system certific Trust on first use (T		5. CA Certificate: Select "Don't validate" (see instructions below if this is not an option on your device)
Auto reconnect	 View more Connect 		6. Press Connect
Connect	6		

On some Android devices you may need to try the following options instead:

- **EAP method:** PEAP
- Phase 2 Authentication: MSCHAPV2
- CA Certificate: Use system certificates
- Online certificate status: Do not validate
- **Domain**: MyBVC.net
- Log in using your myBVC email and password.
